

# Biogel

## Heavy duty gel foaming cleaner for agriculture

### USES:

Biogel is a strong alkaline gel cleaner formulated for longer surface contact time resulting in better cleaning penetration.  
Cleans, washes or prepares the surface for application of a registered disinfectant intended to kill biofilm.  
Use on all agriculture housing surfaces, equipment and hatchery surfaces.  
Do not use on automotive finishes.

### DIRECTIONS FOR USE:

Dilute Biogel at the rate of 4 oz to 8 oz per gallon of water depending on soil load.  
Apply with air foaming equipment or high pressure foaming equipment under low pressure and allow soaking time of 15 to 20 minute, but do not allow to dry.  
Rinse with high pressure water. Allow to dry and apply disinfectant.

**DANGER**

**GHS05**

(01) 0 5414829 01780 9 (10)
